    b. Changes to the above hours (such as Daylight Saving, special events etc.) will be advised (via Snippets, noticeboard etc.)

    c. From time to time the gate may be closed earlier. This is so that we can, at random times, correlate exits with green fees being paid (as above, members will be advised beforehand)

    d. The gate can also be turned off for special events

    e. If you are leaving the club after closing hours but do not have your mobile then remember that any member (playing partner, meeting participant) with the app can open the gate (from anywhere)

4. Gate will open and remain open for 60 seconds before **automatically closing.** You do not need to close the gate
